

**Locally
produced
websites
from \$1000**

Get noticed on the net from just \$1000*

We are a Victor Harbor-based website and marketing company that offers businesses inexpensive, simple but practical websites through personalised face-to-face service. Every step of the way you will know exactly who is working on your site and you will be able to speak with them by phone or even face-to face. If you choose you can also take full control of your site after completion.

Included in the \$1000 (inc GST) offer is:

- Registration of one domain name for one year
- Shared website hosting for a year (currently \$380 per year), including basic SSL certificate
- One onsite meeting at your business premises (location restrictions may apply)
- A simple, responsive website, based on a template, with up to five menu items or pages
- Photographs and text to be provided by the client
- Basic SEO (search engine optimisation) of your website
- Basic manual for website updates
- Up to one hour of training in website use

Hourly charges of \$70/hour apply for:

- Additional onsite meetings
- Meetings outside what we consider the 'local' areas
- Email hosting
- Photography & Professional writing
- Ongoing administration of your site (if required)
- Online directory signups
- Social media page creation & website integration
- Additional charges also apply for premium plugins, stock photos & additional pages.

**Personalised
face-to-face
service**

Depending on the availability of the information – photos and text and what additional services you require ***your website could be up and running within seven days.***
